## SUPPORT OUR WORK

When you support the Enterprise Community Loan Fund, Inc. (Loan Fund), you help to transform communities and create opportunity for individuals and families in need.

For more than 20 years, Loan Fund has strategically invested more than \$1.25 billion in communities lacking access to traditional sources of capital. Loan Fund supporters help us deliver the critical financing needed to ensure that everyone has access to affordable homes connected to good schools, jobs, transit, and health care. Every dollar you invest leverages additional public and private funds, expanding the positive impact that your capital creates.

Supporters have two ways to make a social impact while also generating a financial return: purchase an [Enterprise Community Impact Note](#) or make a loan to Loan Fund. Both options are eligible for investment or/and lending Community Reinvestment Act credit.
