

## OUR IMPACT

### Our Work

Your investment in the Enterprise Community Loan Fund helps us work around the country in partnership with local nonprofits and mission-aligned developers to provide affordable housing, health care facilities and schools in the communities that need them the most. Here are just a few examples:

#### **Now Open: Nation's First Community Solar Garden Owned by a Housing Authority**

More than 500 low-income homes are now powered by solar energy, thanks to the new solar garden in Aurora, Colorado.

#### **Taking a Chance: Revitalizing Remington**

For nearly a decade, Enterprise Community Partners and Seawall Development have been working together to revitalize the Remington neighborhood in Baltimore

### **Innovative Partnership Creates 500 Affordable Homes with Supportive Services**

King County Hospital Center and CAMBA Housing Ventures partner to develop affordable homes in Brooklyn, NY.

### **An Iconic Hospital Transformed into Affordable Homes for Seniors in Cleveland**

Community effort to restore vacant anchor institution in Buckeye neighborhood pays off, providing new nonprofit space and affordable homes for seniors.
