Dove Landing is a four-property portfolio totaling 318 garden style apartments in Virginia Beach, Virginia.

Enterprise Community Development (formerly Community Preservation and Development Corporation) purchased the portfolio in January 2016 and completed moderate renovations by the end of 2017. The renovations included updated kitchens, bathrooms, and central hallways, HVAC systems and roofs as needed, and general site and landscaping work. Additionally, Enterprise Community Development (EDC) repaired and re-opened the pool which had not been operational for several years.

The acquisition and redevelopment of Dove Landing was financed through an equity investment of $7.5 million from the Housing Partnership Equity Trust (HPET) and a $15.5 million permanent Freddie GSE loan provided by Prudential Mortgage Capital Corporation. The total development costs for the project totaled $23.8 million.
