Board members appointed by the State or local government may not appoint the remaining two-thirds of the board members.

Note: Enterprise may request additional documentation to verify an Applicant’s eligibility such as Articles of Incorporation and By-Laws.

A **Community Development Housing Organization (CHDO)** is defined in the HOME Investment Partnerships

Program (HOME Program) regulation at 24 CFR 92.2. The HOME Program is authorized by the HOME Investment Partnerships Act at title II of the Cranston-Gonzalez National Affordable Housing Act, as amended, 42 U.S.C. 12701 et seq.

Appendix B - Eligible Activities and Allowable Costs

a. Eligible Activities

Grant funds must be used to enhance the technical and administrative capabilities of CDCs and CHDOs. Grant funds may be used for predevelopment assistance or other financial assistance to CDCs and CHDOs to carry out community development and affordable housing activities that benefit low-income families and persons.

b. Allowable Costs

Enterprise is one of three (3) intermediaries under the Section 4 program along with Local Initiatives Support Corporation (LISC) and Habitat for Humanity International. Applicants that have received funding and/or have pending proposals with LISC or Habitat for Humanity International will not receive funding for the same activities/costs under this funding opportunity. It is the responsibility of the Applicant to retract pending proposals or decline funding from other intermediaries if funding is requested for the same costs or activities before accepting a grant award from Enterprise. Failure to do so may jeopardize the Applicant's ability to receive current and future funding from Enterprise.

All expenditures must be allowable, allocable and reasonable in accordance with the applicable Federal cost principles.

Pursuant to the Federal Grant Agreement, grants shall be governed by 2 CFR 200 (for State, Local and federally recognized Indian Tribal Governments, Higher Education, Hospitals and other Non-Profit Organizations). Refer to the following applicable Federal cost principles for more information: <http://tinyurl.com/nxawgds>

However, consultants shall be chosen through full and open competition and must possess the ability to perform successfully under the terms and conditions of the proposed activity with price and other facts considered. Consultant pricing shall be fair, reasonable and comparable to pricing of other entities providing similar services. Additionally, Section 4 program funds may not be used, directly or indirectly, to pay or provide reimbursement for payment of the salary of a consultant or contractor at more than the daily equivalent of the rate paid for the level IV on the Executive Schedule, please see the Office of Personnel Management (OPM) website at <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2018/executive-senior-level>. d. Administrative Requirements

Applicants that receive a Recommendation of Award letter should be aware of the requirements governing this award. Applicants are encouraged to review our [Grants Guide](#) for more information. Applicants should be aware of the following:

- [Executed Grant Agreement](#) – Enterprise cannot finalize grant commitments until the conditions of the award are satisfied and a grant agreement is executed (signed) by Enterprise and the Grantee organization.
- [Cost Reimbursement](#) - All grants are awarded on a cost reimbursement basis; grant disbursements occur after expenses have been incurred. All Grantees are required to submit an activity report documenting their work to date with the disbursement request. Additionally, some Grantees will be required to submit documentation supporting the expenses being invoiced.
- [Data Universal Numbering System \(DUNS\)](#) - All organizations receiving federal funds are required to obtain a DUNS number, including subcontractors and consultants of Grantees. The DUNS # is a unique nine-character number assigned by Dun and Bradstreet, Inc. that identifies an organization. Enterprise will not issue a grant agreement if a DUNS number has not been provided. For questions on obtaining a DUNS number refer to [Appendix C](#).
- [System for Award Management \(SAM\) Registration](#) – Awardees and all subcontractors and consultants engaged by Grantees through this award must be registered in SAM. SAM must remain active throughout the lifecycle of the grant, and Awardees must provide verification that they have an active account in SAM before Enterprise will issue a grant agreement. In addition, grantees must not have active exclusions or delinquent federal debt and may not be currently debarred, suspended, proposed for debarment or declared ineligible for awards by any federal agency. For questions on registering refer to [Appendix C](#).
- [Questionnaire for Sub-recipients of Federal Funding](#) – Applicants are required to answer questions in SlideRoom, and provide the requested supporting documentation, to ensure they have the systems and internal controls in place to successfully manage federal funds. This request is based on federal requirements contained in 2 CFR 200 which requires Enterprise to review and evaluate the risk associated with potential Grantees prior to making awards. If deemed necessary, Grantees are required to participate in an on-site organizational assessment as well as subsequent program audits. Enterprise will not issue a grant agreement until all documentation has been submitted and the assessment review has been completed. To view the **Questionnaire**, refer to the [Grants Guide](#)

¹ Use of grant funds must comply with HUD's environmental regulations in 24 CFR Part 50. Project must have approval from the local HUD field office to use funds for direct or indirect construction costs or other costs as required by 24 CFR Part 50.

Applicants, designed for Applicants that have applied for funding in the last two years, refer to Appendix H in the [Grants Guide](#).

- **Good Standing** – Awardees must be in good standing within their state of incorporation. In addition, any current or previously received grants, loans or contracts from Enterprise must be in good standing. For the purposes of this guide, good standing means that current Grantees are incurring costs and requesting reimbursement in a timely manner, communicating with Enterprise as soon as any shifts in scope or budget are identified, and responding to all requests by stated deadlines. For grants that have ended, all close out reports must be submitted, completed and on file. For contracts and loans, this means that consultants and borrowers must be in compliance with the regulations governing the use of federal funds.
- **Federal Provisions** – Included in all grant agreements, this document explains the administrative standards and provisions that the grant is governed by. Grantees must sign and return a copy of the Federal Provisions along with their signed Grant Agreement. See Appendix G to view a copy.
- **Federal Funding Accountability and Transparency Act (FFATA)** – As applicable, Grantees must comply (as applicable) with FFATA and provide necessary information to enable Enterprise to comply with FFATA reporting requirements. Please visit <http://www.fsr.gov> for more information.
- **Reporting** – Grantees are required to provide an Activities Report with each disbursement request detailing the progress made against proposed activities and measurable outcomes. At the close of the grant, a Case Study, Production Tracker, Match if available, Backup documentation, Close Out documents, and any deliverables created as a result of the award.
- **Match** - The Section 4 program requires Enterprise to raise match from private sources for every dollar of Section 4 funds spent. Enterprise in turn requests that Grantees demonstrate their ability to provide matching dollars at a 3:1 ratio to assist Enterprise in meeting this requirement. See [Appendix D](#) for additional information.
- **Dedicated Staff Contacts** – Grantees are required to meet (in-person or via phone) with Enterprise staff to finalize the grant agreement before the agreement is executed. Additionally, to ensure good communication and consistent project progress, periodic meetings will take place with dedicated grant management and programmatic staff.
- **Work Products** – For our records, we request that any work products (i.e. reports, work plans, etc.) developed through grant funding be shared with Enterprise at the end of the grant term.
- **Sharing Knowledge with the Field** –Grantees may be asked to participate in a webinar, conference call, panel discussion, or other activity to share outcomes from their grant award with the field. It is our expectation that Grantees participate when possible.

Appendix C – DUNS & SAM

All grantees, subcontractors, and consultants receiving federal funds through Enterprise Community Partners must now have or obtain a Data Universal Numbering System (DUNS) number and maintain an active account in the System for Award Management (SAM).

If awarded funds from Enterprise, each Grantee must provide a DUNS # and confirmation of a current account within SAM, specifically the Periodic Update Requirement Date. Enterprise will not issue a grant agreement without the confirmation of a DUNS # or SAM confirmation. Information on how to register for each is below:

Resources for DUNS Number

The DUNS number is a nine-digit number, issued by Dun & Bradstreet that is assigned to and used by businesses and the federal government to keep track of more than 70 million businesses world-wide. A DUNS number can be obtained free of charge by applying online at <http://fedgov.dnb.com/webform> or by phone at 1-866-705-5711 from Monday - Friday 7 AM to 8 PM C.S.T.

For Hearing Impaired Customers Only call 877-807-1679 (TTY Line). It normally takes about 1- 2 business days to receive a number if applied for online and immediately if applied for by phone. The DUNS number is normally available for use 24-48 hours after it has been received. Once entered and the registration process is completed, the DUNS number will need to be verified by the system.

Resources for System for Award Management (SAM)

SAM is a free web site hosted by the federal government that consolidates the government-wide award reporting systems into one new system. SAM streamlines processes, eliminating the need to enter the same data multiple times and consolidates hosting to make the process of doing business with the government more efficient. The website is found at www.sam.gov and includes information on how to register.

Additionally, please make sure that your sub-grantees or contractors that receive federal funds are aware that they must have a DUNS number and be registered in the SAM system in order to be in compliance with federal reporting requirements.

If awarded a grant, Enterprise will require grantees to provide their organization's SAM Periodic Update Requirement Date. Once registered in SAM, organizations will receive a confirmation email showing the Date. See sample below.

Appendix D – Match Guidance

The Section 4 program requires Enterprise to raise match from private sources for every dollar of Section 4 funds spent. Enterprise in turn requests that grantees demonstrate their ability to provide matching dollars to help satisfy this requirement.

Match reflects private-sector dollars received by the grantee. These dollars must **support the same project or program being funded with this grant**. Eligible private-sector funds include donations from individuals, foundation and corporate grants, or tenant portion of rents collected, as they relate to the grantee’s work plan. It is important to note that loans, equity investments, or developer fees associated with projects that are directly funded by Enterprise, LISC/NEF, or Habitat for Humanity, including syndication of tax credits or loans, **cannot** count as match. However, loans, equity, or developer fees may be used from projects that are not directly-financed by Enterprise, LISC/NEF, or Habitat for Humanity, provided they support the same project or program being funded with this grant.

Acceptable Match is:

- Privately sourced. Funds from public sources, even if they are non-federal (such as funds from cities, states or housing authorities, HOME, CDBG funds) are not eligible. They must also be verifiable from the recipient's records (e.g., backed up by check copies and bank deposit statements).
- Not included as match for any other federally-assisted project or program.
- Connected to the efficient accomplishment of project or program objectives as defined in the grant scope of work.
- Allowable under the applicable cost principles as stated in 2 CFR 200 (Subpart E).
- Received and utilized before the close of the grant period of performance.

Examples of Acceptable Match Funds and Required Backup Documentation

Acceptable Match Example	Required Backup Documentation
Individual Donations	Copy of check
Foundation and Corporate Grants	Award letter AND copy of check
Developer Fees	<ul style="list-style-type: none"> • Third party verification that the funds being used are privately sourced. A signed agreement between the parties must be submitted and must identify the investor or equity contributor and clearly confirm that the investment is privately sourced. Limited Partner is NOT the same as an Investor, usually a Limited Partner Agreement (LPA) will show the investor(s). • Documentation showing the receipt of funds must also be submitted (such as a copy of the check or highlighted bank statement or wire receipt).

Line of Credit (to the extent funds have been drawn)	Copy of the executed loan agreement AND highlighted bank statement or wire receipt.
Operational Revenue, such as tenant rent or management fees (as it relates to the grantee’s scope of work)	Rent rolls that differentiate the tenant portion and subsidy. Subsidies are NOT eligible match. Rents must have been received. A summary of charges is not acceptable evidence of match.
Loans, equity or developer fees from projects not directly-financed by any of the Section 4 intermediaries (Enterprise, LISC, Habitat) and privately sourced.	Construction loan agreement or tax equity syndication letter AND highlighted bank statement or wire receipt.
Land acquired (rare)	<p>Donation - Proof of how the value of the land was determined such as an appraisal document and proof of the title passing.</p> <p>Purchase – Settlement statement or proof that land is from a private entity, evidence of ownership by the CDC, acquired within the grant period of performance, and an appraisal by a certified independent real estate company at the time of sale.</p>

Note: Additional documentation may be required beyond what has been described above, as is necessary to demonstrate to the satisfaction of Enterprise and HUD that match sources are private and relate to workplan activities. Each grantee’s Enterprise Grants Specialist will help to ensure all necessary documentation is collected.

Match Collection and Period of Performance

Enterprise seeks to collect match with the other documents required for grant execution (i.e., at the beginning of the grant period). However, match can be submitted to Enterprise throughout the grant’s period of performance.

During every Section 4 funding round, grant applicants will be asked to *propose* match. If awarded grant funding, the grantee should submit this match or replace it with an alternate, eligible source(s).

All match must be submitted to Enterprise prior to issuing the final disbursement of grant funds and closing out of the grant.

Appendix E – Consultant Guidance

Enterprise, as a recipient of Section 4 funds, is required to pass down certain federal requirements and restrictions to the consultants our grantees choose to work with. If awarded funds from Enterprise, grantees that propose to use funds to support consultant expenses must adhere to the following:

Selection

It is our expectation that consultants will be selected via an open, competitive process. We understand that in very rare circumstances an RFP may not be feasible and in those situations, consultants may be selected in a non-competitive sole source process. In those instances, the grantee is obligated to document their reasoning for not issuing an RFP and explain why the selected consultant was the best suited for this work.

Narrative and Budget

Organizations proposing to hire a consultant with a portion of their Section 4 grant must ensure that their proposal provides specific details about the activities the consultant will conduct and why their consultant services are vital to the program's success. Also, the program budget submitted must clearly show the amount of labor and expenses the consultant is expected to incur.

Guidance on Labor Rate breakdown for Consultants

Consultants must charge rates that are consistent with rates charged on their other contracts/agreements. Additionally, Section 4 program funds may not be used, directly or indirectly, to pay or provide reimbursement for payment of the salary of a consultant or a contractor at more than the daily equivalent of the rate paid for the level IV of the Executive Schedule, without prior written approval from HUD. For more information on the Executive Schedule, please see the Office of Personnel Management (OPM) website at <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/2018/executive-senior-level>.

Enterprise is required to ensure expenses paid utilizing HUD's funds are not only fair and reasonable but also eligible expenses per federal regulations. Thus, Enterprise requires a breakdown of all proposed labor amounts to include direct (actual) hourly rates and indirect costs (if applicable). If a consultant proposes to include indirect costs (IDC), the proposal must be accompanied by an Indirect Cost Rate Agreement approved by a federal government agency or may include a de minimis indirect cost rate of 10% of Modified Total Direct Costs (MTDC).

A large organization or an organization that receives large amounts of federal funds will generally have a federal government approved negotiated indirect cost rate agreement (NICRA) from one federal agency (usually the federal agency or department from which the organization receives the most funding - its cognizant federal agency). This will be accepted by all federal agencies and by organizations like Enterprise that pass through federal funds. Smaller organizations or individual consultants may not have an approved indirect cost rate and may elect to charge a de minimis rate of 10% of MTDC. MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and subcontracts up to the first \$25,000 of each subaward or subcontract (regardless of the period of performance of the subawards and subcontracts under the award).

Confirmation of DUNS # and SAM Registration for Consultants

All grantees, subcontractors, and consultants receiving federal funds through Enterprise Community Partners must have or obtain a DUNS number and maintain an active account in SAM. Consultants must provide the grantee with their DUNS number and confirmation of a current account in SAM.

Federal Provisions Contract Addendum

Any contracts that the grantee enters into, that will be paid (in whole or in part) for by this grant, must include the same federal provisions that are included in the original grant agreement. An example of a contract addendum, with the federal provisions, is available upon request. Please contact your Enterprise Grants Specialist for an example. You may use this document in its entirety or incorporate the federal flow down provisions in your own format. The federal flow down provisions must be provided to, signed, and returned to your organization by the consultant that has been selected.

Appendix F– Standard Terms & Conditions for Grant Agreements

Purpose of Agreement

The purpose of this Agreement is to specify the terms and conditions under which Grantee will receive Grant Proceeds to enable Grantee to carry out the activities described in the Work Plan, which activities are in furtherance of Enterprise's exempt purposes.

Grant Proceeds Disbursements

Enterprise will disburse Grant Proceeds only after the Effective Date and after Grantee has properly completed, executed, and delivered this Agreement to Enterprise. Grant Proceeds may be disbursed in one lump sum or disbursed in multiple disbursements over a period of time. Disbursement requests should be made allowing approximately thirty (30) business days for Grantee to receive the Grant Proceeds. If Grant Proceeds are disbursed over a period of time, Grantee must submit its final disbursement request to Enterprise within sixty (60) days of the expiration of the Period of Performance. Grantee shall also submit all required reports/documentation to Enterprise with final disbursement request or disbursement will be delayed or withheld.

Authorized Uses and Expenditures of Grant Proceeds

The Grant Proceeds are only to be used for the activities specified in the grant agreement's Work Plan and in accordance with the Budget set forth in the grant agreement. If Grantee deviates from the Work Plan or any other provision in this Agreement, such deviation shall be at Grantee's risk. Any costs related to unauthorized work shall be borne by Grantee.

Grantee shall not expend more than the amount allocated for any category in the budget without Enterprise's prior written consent. However, Grantee is permitted to make minor transfers to line items within the budget aggregating up to and including 10% of the Grant Proceeds without the prior written consent of Enterprise. If Grantee incurs any costs prior to the Effective Date, Grantee shall not charge those costs against the Grant Proceeds without Enterprise's written consent.

Grantee agrees that Grant Proceeds will be used in compliance with all applicable anti-terrorist financing and asset control laws, regulations, rules, and executive orders, including but not limited to, the USA Patriot Act of 2001 and Executive Order No. 13224.

Reports

Grantee shall provide progress reports that contain a comparison of actual accomplishments with the Work Plan's measurable outcomes. Progress reports should be in a narrative format with an in-depth discussion of the measurable outcomes that were achieved and how the outcomes were achieved. Within sixty (60) days of the expiration of the Period of Performance, Grantee shall provide a narrative final report summarizing all activities conducted under the Work Plan. The report should include significant program achievements and all problems encountered during the Period of Performance.

Inspection; Right to Audit/Record Retention

Grantee agrees that Enterprise may monitor and conduct an evaluation of project operations during the Period of Performance. This may include meetings with staff to discuss projects and to review financial and other records connected with the activities financed by the Grant Proceeds. Grantee shall keep (a)

accurate records documenting its performance of the Work Plan and (b) a legible set of books of account in accordance with generally accepted accounting principles for a minimum of six (6) years after the expiration of the Period of Performance. Grantee agrees that the aforementioned records and books of account shall be open for inspection by Enterprise or its auditors.

Modifications and Amendments

Both parties may amend this Agreement so long as amendments that affect the rights and obligations of either party are executed by both parties, including, without limitation, the addition or deletion of a Work Plan activity or the alteration of existing approved activities, an extension of the Period of Performance or a budget revision resulting in a change or a transfer in the Budget of more than 10% of the Grant Proceeds.

Administrative changes or corrections that do not affect the rights and obligations of Grantee may be made unilaterally by Enterprise with notice to, but without consent of Grantee.

Default and Remedies

If Grantee fails to comply with any terms in this Agreement Enterprise will notify Grantee of its breach and Grantee will have twenty (20) days from the date contained in the notice to cure the breach. A breach may include, without limitation, Grantee's failure to comply with the Work Plan, Grantee's unauthorized expenditure of the Grant Proceeds, or the default of any other grant or loan from Enterprise, its affiliates, subsidiaries, or supporting organizations to Grantee or its affiliates, subsidiaries, or supporting organizations. Concurrent with the aforementioned notice, Enterprise may suspend and withhold disbursements of Grant Proceeds until the Grantee satisfactorily cures the breach. In addition, Enterprise may require and Grantee shall accept technical assistance which Enterprise deems necessary to complete the Work Plan.

Enterprise may immediately terminate this Agreement upon conclusion of the twenty (20) day period, if Grantee fails to cure the breach to the satisfaction of Enterprise. In the event of termination by Enterprise, Enterprise may demand repayment of all Grant Proceeds disbursed to Grantee. In addition to the rights and remedies contained in this Agreement, Enterprise may at any time proceed to protect and enforce all rights available to Enterprise by suit in equity, action at law or by any other appropriate proceedings, all of which rights and remedies shall survive the termination of this Agreement. If Enterprise's grantor undertakes any action to terminate, suspend, or limit Enterprise's access to the Prime Grant or reduce the amount of the Prime Grant for any reason, Grantee agrees Enterprise may terminate this Agreement for convenience and that Enterprise's obligation to fund unfunded disbursement requests will cease.

Survival

This Agreement shall remain in effect until the last to occur of: (a) the date that the Grant Proceeds have been disbursed; (b) the date that all reports and records due by Grantee to Enterprise have been submitted to and approved by Enterprise; (c) the date that there has been a closeout between Enterprise and Grantee of all issues arising out of the Grant Proceeds and this Agreement; or (d) if Grantee is in default and Enterprise decides not to terminate and requires that Grantee complete the Work Plan, the date that such Work Plan is completed.

Indemnification

The Grantee, intending to be legally bound, hereby expressly agrees and covenants to hold harmless and indemnify Enterprise, its directors, officers, agents, and employees from and against any and all costs, liability, demands, claims, damage, and expenses of any nature or any kind (including, but not limited to, indebtedness, penalties, fines, Enterprise’s costs, and reasonable legal fees) incurred in connection with this Grant or that arise out of any act or omission of the Grantee or of any of its employees or agents.

Conflicts of Interest

Except for approved eligible administrative and personnel costs shown in the budget, none of Grantee's designees, agents, members, officers, employees, consultants, or members of its governing body or any local governmental authority exercising jurisdiction over the Grant Proceeds and no other public official of Grantee or such authority or authorities who exercise or has exercised any functions or responsibilities with respect to the Grant Proceeds during such person's tenure or who is in a position to participate in a decision-making process or gain inside information with regard to the Grant Proceeds, has or shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed in connection with the Grant Proceeds or in any activity or benefit therefrom, which is part of the Work Plan at any time during or after such person's tenure.

Governing Law

This Agreement shall be construed and enforced in accordance with and the rights of the parties shall be governed by, the laws of the State of Maryland, exclusive of its conflicts of law rules. Grantee agrees that any litigation shall be brought and prosecuted in any District or Circuit Court of Maryland, as appropriate or Federal District Court, with venue in the United States Court for the District of Maryland, Baltimore Division and the Grantee consents to the in personam jurisdiction of such courts.

The Grantee irrevocably waives any objection to and any right of immunity from, the jurisdiction of such courts or the execution of judgments resulting therefrom, on the grounds of venue or the convenience of the forum.

Non-waiver

The failure of Enterprise in any instance to insist upon a strict performance of the terms of this Agreement or to exercise any option hereunder shall not be construed as a waiver or relinquishment for the future of such term or option from exercising any such right, power, or remedy upon default at any later time or times.

Personal Information Protection

The Grantee represents that it has implemented and maintains reasonable security procedures and practices that are: (i) appropriate to the nature of the Personal Information, as defined under the Maryland Personal Information Protection Act, disclosed; and (ii) reasonably designed to help protect the Personal Information from unauthorized access, use, modification, disclosure, or destruction.

Special Conditions

Grantee agrees to recognize Enterprise as a funding partner in the proposed project and shall favorably acknowledge Enterprise as a funder in all media publications relating to the project.
