

February 20, 2018

The Honorable Mario Diaz-Balart
Chair, Appropriations Subcommittee on
Transportation, Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

The Honorable David Price
Ranking Member, Appropriations Subcommittee on
Transportation, Housing and Urban Development
U.S. House of Representatives
Washington, DC 20515

The Honorable Susan Collins
Chair, Appropriations Subcommittee on
Transportation, Housing and Urban Development
U.S. Senate
Washington, DC 20510

The Honorable Jack Reed
Ranking Member, Appropriations Subcommittee on
Transportation, Housing and Urban Development
U.S. Senate
Washington, DC 20510

RE: Support \$3.3 Billion for CDBG in FY 2018

Dear Chairman Diaz-Balart, Ranking Member Price, Chairwoman Collins, and Ranking Member Reed,

We, the undersigned **2,163 national, state, and local organizations**, write to express our deep support for the Community Development Block Grant Program (CDBG) and urge you to increase funding for CDBG in the final FY 2018 THUD spending bill to at least \$3.3 billion.

For over 40 years, CDBG has served as the cornerstone of the federal government's commitment to partnering with states and local governments to strengthen our nation's communities and improve the quality of life for low- and moderate-income Americans. Every State, Territory and Congressional district receives – or has access to – CDBG funds. CDBG provides crucial funding for economic development projects, public improvements, public services and affordable housing. It remains the principal source of federal revenue for states and localities and their program partners to use in developing and implementing flexible community development solutions.

CDBG plays a vital role in attracting investment into low- and moderate-income neighborhoods. For every \$1.00 of CDBG funding another \$4.10 in private and public funding is leveraged. According to HUD, since FY 2005, the CDBG program has assisted over 1.4 million low- and moderate-income homeowners rehabilitate their homes, provided down payment assistance and closing assistance to qualified home buyers, and assisted property owners with lead-based paint testing and abatement, among other activities. Moreover, since FY 2005, CDBG-funded public improvements directly benefitted over 45 million low- and moderate-income persons nationwide and CDBG funded public services assisted over 139 million low- and moderate-income persons nationwide. Additionally, CDBG is a jobs generator. Since FY 2005, the program has created or retained nearly 402,000 economic development related jobs.

CDBG has been cut by \$1.4 billion since FY 2001, resulting in unmet need, staff reductions and delayed and cancelled projects over the years. A survey conducted by the CDBG Coalition found that these cuts have reduced the number of small businesses assisted, provided less funding for seniors, cut local programs for veterans and

other beneficiaries, and cancelled and delayed local public improvements. Further, the survey found that CDBG grantees annually receive far more applications for funding than can be met with their current CDBG allocation, with most estimating that over half of the CDBG annual funding requests are not funded.

CDBG is a proven program that assists millions of low- and moderate-income persons each year and provides access to funding in every Congressional district. We urge you to support the program and assist grantees and their program partners work towards meeting the surmounting community development and affordable housing needs in their communities by increasing funding for CDBG in the final FY 2018 THUD spending bill. Please feel free to contact Vicki Watson (vwatson@ncdaonline.org) with the National Community Development Association with any questions.

Sincerely,
