Local Impact Investing Initiative Will Address Housing Crisis

Enterprise Community Loan Fund has launched Our Region, Your Investment in connection with the Washington Regional Association of Grantmakers to address the housing crisis in the Greater Washington region.

More than 150,000 families in the Greater Washington region are currently in need of affordable homes, a number that is expected to double in less than 10 years. When people spend too much on housing, they are less likely to be able to cover basic needs. That instability can lead to negative health outcomes for residents, poor educational outcomes for their children, and an increased risk of homelessness.

In order to create and preserve the affordable homes needed over the next decade, the region needs additional capital resources. Our Region, Your Investment is an opportunity to be a part of the solution to the affordable housing crisis in the Greater Washington region through impact investing. Your investment can make a difference in our region.

For more information on the affordable housing need in the Greater Washington region, read Call the Question: Will the Greater Washington Region Collaborate and Invest to Solve Its Affordable Housing Shortage?
