Exploring Our Social Return on Investment in Los Angeles, New Orleans, and Oakland

This year, [Enterprise Community Loan Fund](#) celebrates the fifth anniversary of our [Enterprise Community Impact Note](#). Since 2010, socially minded investors across the nation have purchased Impact Notes to support our mission and the people and communities we serve.

A Family at Faubourg Lafitte in New Orleans

In May, we hosted a tour of Enterprise’s work in New Orleans for a group of Impact Note investors. The tour included stops at the [ReFresh Project](#), [Faubourg Lafitte](#) community, [Sojourner Truth Neighborhood Center](#), and the future [Lafitte Senior Housing](#) development. [View highlights of the tour on Twitter](#) (or search #SROI TourNOLA).

More recently, we kicked off the 2015 Social Return on Investment series; our annual effort to showcase the social benefits our financing creates in communities. This year we are studying the culturally competent health care provided by the [Rolland and Kathryn Lowe Medical Center](#) in Oakland, and how the [New Generation Fund](#) is creating affordable homes for vulnerable populations in Los Angeles. These stories will be available this fall, and our [2014 Social Return on Investment series](#) is currently available on our website.

By purchasing an Impact Note, our investors achieve a double bottom line return, earning money while making an impact in the lives of those we serve. As we share stories of the developments we finance, we hope to inspire more people to join our efforts and show our investors that their capital is on a mission.
