ECONOMIC SECURITY in Denver, Colorado

This map shows redlining on top of Enterprise’s Economic Security Opportunity Outcomes which may suggest a historic legacy of redlining in Denver’s communities.

WHAT DEFINES ECONOMIC SECURITY?

- Income, Wealth, and Savings
- Poverty Rate
- Employment

THINK ABOUT WHERE YOU LIVE

- Where do you live?
- What stands out to you about this map?
- How might redlining play a role in shaping the experiences of the people in your community?
- In your experience, what other factors might be contributing to the outcomes observed where you live?
- What steps can we make together to improve outcomes for all communities?

*Percentile score represents each census tract’s state percentile rank for the set of indicators described below. A tract with a score of 93 means that the tract is in the 93rd percentile – 93% of tracts in Colorado have higher scores and 7% have lower scores.

The Economic Security percentile score includes Median Household Income, Percent of People in Poverty, Unemployment Rate and HUD Labor Market Engagement Index Score.
