ImpactAssets 50 Showcases Top Fund Managers Delivering Financial and Social Returns

For the second year in a row, [Enterprise Community Loan Fund](#) has been named to the [ImpactAssets 50](#). The annually updated list serves as a gateway into the world of impact investing for investors and their financial advisors, offering an easy way to identify experienced impact investment firms delivering compelling financial and social returns. Enterprise is among 50 firms selected to demonstrate the wide range of private debt and equity investments available across geographies, sectors and asset classes.

Enterprise Community Partners has made impact investments to strengthen communities throughout the nation for more than 30 years. In 2010 we began offering the opportunity for others to do the same through the [Impact Note](#) and a [conventional equity fund](#), which enables investors to help finance the creation of affordable homes, schools, health clinics, jobs centers and small businesses.

Investing with Enterprise is an actionable step people can take to support their local communities and address the needs of those who have been overlooked. For example, community members, foundations, and businesses in the Washington, D.C. region have invested more than \$11 million through [Our Region, Your Investment](#) this past year to prevent the displacement of more than 280 families in their communities.

Our thanks to ImpactAssets for once again recognizing our work to connect investors with projects that matter. For more information, contact Rachel Reilly Carroll at RRCarroll@enterprisecommunity.org and view our [ImpactAssets 50 profile](#).
