

## SOCIO-ECONOMIC DEVELOPMENT

We're partnering with communities to improve pathways to social and economic well-being.

We work collaboratively with residents, local leaders, government partners and other vital stakeholders to create access to economic opportunities.

Bringing knowledge and commitment across a range of issues, we help partners develop healthy, vibrant communities and promote inclusive and equitable development without displacement.

### WORKFORCE DEVELOPMENT

We provide solutions to help create local jobs and develop a skilled workforce that promotes economic security in vulnerable communities and ensures sustainable growth.

### INCLUSIVE ENTREPRENEURSHIP AND SMALL BUSINESS DEVELOPMENT

We show partners how to create pathways for inclusive entrepreneurship and support the growth of small businesses.

### COMMUNITY AND RESIDENT ENGAGEMENT

Individual and community success grows from the ground up. That's why we support our partners with elevating local assets through resident engagement and community participation.

### ECONOMIC DEVELOPMENT POLICIES, PROGRAMS AND INCENTIVES

We help partners strategically utilize complex processes and policies to maximize incentives and ensure every project yields the greatest community benefit.

### AFFORDABLE HOUSING

Because a stable home is the foundation for inclusive economic growth, we help communities create and execute affordable housing strategies that promote healthy, sustainable living.

### COMMUNITY AND FAITH-BASED INITIATIVES

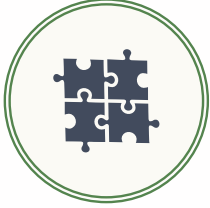

We provide community organizations and houses of worship the tools and knowledge to plan and develop successful affordable housing and socio-economic initiatives.

# SOCIO-ECONOMIC DEVELOPMENT

## MISSION AND IMPACT-DRIVEN

We raise up new ideas and imagine new possibilities, using tools and resources to make meaningful and measurable change.

## PRACTICAL AND SOLUTIONS-ORIENTED

Every project we help support begins with setting a goal and a path to realistic, achievable results for people and communities.

## COMMUNITY FOCUSED

We focus on fostering resident and community engagement to ensure projects and investments promote social and economic well-being.

## TRANSPARENT, INCLUSIVE AND EQUITABLE

Open communications and the free exchange of ideas are hallmarks of our work. We ensure that every local stakeholder has a voice and the opportunity to succeed.

## ASSETS AND STRENGTHS-FOCUSED

We start by acknowledging and elevating a community's existing assets – they provide the building blocks to a more vibrant and equitable community.
