

ARTS AND CULTURAL ORGANIZATIONS ASSISTANCE PROGRAMS

Per the CARES Act

April 22, 2020

The National Endowment for the Arts (NEA) will distribute \$75 million in funding provided by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, in recognition of the arts' \$877 billion contribution to the U.S. economy and a source of 5.1 million American jobs.

- The \$75 million is intended to assist nonprofit arts organizations “to prevent, prepare for, and respond to coronavirus, domestically or internationally.”
- Funds may be used for **general operating expenses**- a departure from the Arts Endowment’s requirement of supporting project-based funding and an acknowledgment of the dire situation facing the arts community.
- In addition, arts organizations **do not have to provide matching funds** to receive their grant.
- As regards to the distribution of the funds, 40 percent will be awarded to state and regional arts organizations and 60 percent to be awarded directly to applicant orgs.

- Details regarding timing and applications are being developed and will be announced as soon as they are available. Please check arts.gov in the coming days for more information. Learn more about those distributions [here](#).
