The Gotham Society Volunteer Committee is excited to announce that this Spring we are teaming up with the Doe Fund to provide mock interviews and resume building to homeless New Yorkers.

A major milestone on the pathway to finding an affordable home is obtaining a stable job. We are calling all volunteers to take a couple of hours out to make a difference in the lives of New Yorkers in need. This is an exciting opportunity for you to help members of our community feel confident and comfortable in any interview setting.

**Food & Drinks provided by City Beets**, a mission based catering company that trains and employs the formerly homeless in the culinary arts.

You will receive a confirmation e-mail with additional details prior to the event.

Thank you for your time and consideration. We look forward to hearing from you!
