PARTNERSHIPS FOR CREATING EQUITABLE + INCLUSIVE NEIGHBORHOODS

November 6, 2018 | LOS ANGELES
ONE DAY every person will have an affordable home in a vibrant community, filled with promise and the opportunity for a good life.

OUR MISSION is to create opportunity for low- and moderate-income people through affordable housing in diverse, thriving communities.
What sets Enterprise apart is how we work. We’re one of the only social enterprises in the U.S. with deep expertise in each of the three catalysts for systems change:

**Capital.** At Enterprise, we direct public and private capital to the right places, having delivered more than $36 billion to low-income communities across the U.S.

**Policy.** Enterprise is a crucial voice for America’s low-income communities with a strong presence in Washington, D.C., and city halls across the country.

**Solutions.** We work with local partners to test and scale new solutions to some of the most pressing housing and economic problems facing low-income communities.

We believe, because it is true, that people are affected by their environment, by space and scale, by color and texture, by nature and beauty, that they can be uplifted, made to feel important.
