Looking Forward:  
Impacting Policy Amidst a National Sea Change

We are at a pivotal moment, both as a sector and as a nation. In a new series on the our blog, Enterprise Community Partners President & CEO Terri Ludwig highlights five of our most urgent policy priorities under the Trump administration.

1. Preserving and Expanding Key Programs in Corporate Tax Reform  
2. Maximizing Resources for Affordable Housing and Community Development  
3. Investing in America’s Housing Infrastructure and Urban Areas  
4. Expanding Support to Renters in Housing Finance Reform  
5. Promoting Inclusive Communities of Opportunity

We will keep fighting for low-income families with bold, innovative solutions to our country’s most pressing housing and economic problems.
